I am a businessman from Medak. I am 64 years old and for the last 47 years I have been addicted to Alcohol. I had been admitted to deaddiction centres quite a number of times, but in vain. Of late my liver started giving me trouble and it is found out that I am affected by Cirrhosis of Liver. Ms. Sujatha Raman counselled me and advised me to try **Indian Noni**. On taking **Indian Noni**, my life has changed. **I have not touched alcohol after 16 days of taking NONI. It has been six months now and I feel very active, my serum bilirubin levels are normal. Indian Noni** gave me back my confidence.
