My name is Shyama Sharma. I have been suffering from Asthma for the past 18 years. I was very much worried about my ill health, because I was pregnant, then. I had learnt that if Asthma enters one's life at the time of pregnancy it cannot be cured by any medicine. One day I had been to my sister's house, where I met Mr. S. N. Venkatesh, a distributor of **Indian Noni**, who introduced me to **Indian Noni**. He explained to me about Indian Noni and its power. I was not convinced at the first instance, and then I thought I should give it a try. I consumed Indian Noni as prescribed. I started feeling good. After the completion of the 2nd bottle, I felt that **I was completely spared of Asthmatic problems, and my lungs were very clear.** I was also suffering from Diabetes, after drinking **Indian Noni**, that too was normal. You may not believe me in this regard, that is why I am submitting my records of Diabetes before and after taking **Indian Noni**. Now I can confidently say that Indian Noni has a very good power which can protect our body from all diseases.
