Name : Ekta Gupta

Sex : Female

I come to know about the **Indian Noni** through your magazine 'NONI News' and I am amazed that such a thing exists in today's world. Now I am taking **Indian Noni** for the last three months and it gives me enough strength to fight the day to day pollution. I feel more energetic, moreover I had an extra growth on my right ankle and, to my utter surprise, **after two months of taking Indian Noni it has totally disappeared !**

I hope that more and more people will benefit through this wonder drink.

Thanks to **Indian Noni**.
