

Leg Swelling, Heavy Hair Fall and General Weakness

Name : Shobha Devi

Age : 38 years

Sex : Female

**Place : Door No. 3893/6, Vidya Nagar,
Davanagere, Karnataka-577 005**

I am a lecturer of History. I was suffering from swelling of my legs, heavy hair fall, general weakness and cracks in my feet. **Indian Noni** was introduced me through my husband, Mr. Mallikarjunappa. About some 8 months back, he asked me to drink **Indian Noni** for my health problems. I started taking Indian Noni regularly. I didn't find any immediate result for first three to four months. I continued drinking Indian Noni, and then I started noticing some improvements in my health conditions. Now I feel very much better; **my leg swelling has come down, hair falling stopped and they started growing.** The condition of **general weakness has improved a lot.** Definitely it is a real health enhancer which gave me a new life. **Indian Noni** is a good friend of mine who meets me every morning and evening. I will happily continue to drink **Indian Noni** throughout my life. Thanks to my husband and the Good God, for giving me **Indian Noni.**
