I am a retired Brigadier and I am 67-years-old. I have been suffering from Psoriasis for more than 20 years. Lately, I had developed diabetes too. Due to my age and diabetic condition, I was unable to stand or walk. I was introduced to **Indian Noni** by Dr. Satish Kumar. On his advice I started consuming Noni. Then **I started experiencing a miracle in my body. In the next check-up, I was told by my doctor that my sugar level was normal. My Psoriasis is showing improvements too.** I regret the late introduction to this astonishing juice. I feel as if I have had a rebirth. Thanks to this wonderful drink.
