At the end of everyday's work, I was totally exhausted in the evenings. I used to take Rotacaps every night for my Asthma. My weight was 76 kgs and I had piles problems too. then. **Indian Noni** was introduced to me by Mr. Kashinath Dalabanjan. I have joined this movement and in the very first meeting I felt the importance of **Indian Noni** in my life. I bought 6 bottles for me & my family. I started taking Indian Noni as per the recommended dosage. Day by day I was feeling more energetic & having good sleep at nights after my heavy schedule. Now, every evening I do not need to use Rotacaps for Asthma. Even after working 14 to 15 hrs a day, I do not feel exhausted, on the contrary, **I feel more energetic.** It is truly the Gift of the God to humanity & the ladder to achieve more success in my life. After a month, **my Piles & Digestion problem were also totally solved. In 2 months time my weight had reduced to 71 kgs.** My Asthma (16 year old problem) was getting cured. Now I stopped completely the Rotacaps which I was regularly using at nights. **Indian Noni** has become my life partner ! I am a 65 year old person, who was looking forward to my retirement to spend time at home, which ultimately turned out to be a curse. Health problems started creeping in, along with my fluctuating sugar levels. I developed joint pains, high BP and I have become very lethargic. I would find myself sleeping for hours in the daytime since my nights were ruined with my increased frequency of urination. At this point, I was put on **Indian Noni** by my doctor, who told me that it had worked wonders in similar cases. Slowly I saw his words came true. I was sleeping better at nights since my frequency of urination decreased. **My sugar and high BP were showing improvements and my joint pains were bearable. I started losing weight and I found myself to be more active.** I want to thank the people who discovered this wonderful **Indian Noni** juice.
