

Prostatitis and Insomnia

Name : Tukaram Natha Gurav

Age : 68 years

Sex : Male

Place : Sangli, Maharashtra

I am grateful to this fruit juice **Indian Noni** for relieving me from a dreadful disease. I am a 68-year-old male, who had suffered from Prostatitis and Insomnia. I was suffering from the disease for the past one-and-a-half years. I was undergoing treatment for severe giddiness, loss of appetite and urine obstruction. In the month of August 2003, my health condition became serious and I was hospitalised. After examining my condition, the doctor suggested to undergo prostate operation. My family and I were taken aback. Days passed, my son has brought a syrup, calling it a health drink, named **Indian Noni**. I was advised to take it, and I started taking **Indian Noni**. **I felt the hunger after a long time and got good sleep.** I was very happy, so was my family. **My giddiness also had disappeared and it was found that I didn't need any surgery.** I am happy that **Indian Noni** has solved all my health problems. Thanks to nature's gift of **Indian Noni** - a miracle in my life.
