I had indigestion problem. My body swells, I had no interest to do any house hold work. I was feeling very weak for quite some time.

Dr. Noor Ahamed and his assistant Dr. A.K. Bharti and Mr. S.N. Venkatesh told about Indian Noni and its benefits.

I started taking Noni and in the 1st month my body swelling came to normal condition, after second month I could eat well. There is no vomiting and I feel very good. I am happy now and my digestion is also good now.

Indian Noni is a gift from God to me and my family.

Thanks to Indian Noni.
