I was introduced to Noni Family by Mr. S.K. Dutt. Past 4 years I was suffering from Diabetes and Indigestion.

Mr. Dutta advised me to take Noni regularly, on his advise I started taking Noni very regularly and after 4½ months I got rid of from the above problem. I feel like flying in the sky.

My whole body is refreshed because I have additional power of Indian Noni. It has become the part of my body.

Thank you very much Noni. I love you so much.
