Mulgaon, Kalegaon

Tapan, At Post Sarde

Maruth Taluk Mothal

Dist.Buldhana-440047

I was unable to hear with both my ears for the past 12 years.

At the early stage I was able to hear less and as days passed I lost hearing completely.

I had consulted doctor, he examined me, gave me injections, did endoscopy test and told me that the vein going to the brain from the ear is blocked and treatment has to continue.

In the month of May our friend Shri R.J.Jog of Pune visited us and our village people with 4 to 5 bottles of Indian Noni.

He gave me the complete information on Noni.

Then I had Indian Noni. In this past 3 months,I started hearing, my problem of hearing is slowly getting corrected.

For me Indian Noni is a Kalpavrusha and Nectar fruit.

I feel this nectar is part of my life and for others too.
