Dovorlin, Salcette

Goa-403601

I am 50 years old lady from Margao-Goa. I am a cook.

As per my work I have to stand for a long time.

In these last three years I had tried so many different types of balm and pain killer for my knee joint pain.

But there was no solution for that.

I got introduced to Indian Noni through my Madam where I was working.

My madam Mrs. Sharmila R. Ambore advised me to take Indian Noni juice. For the last one month I found that my knee pain had reduced to 50%.

I feel active and healthy.
