

Loss of weight

Chandrakant Ramchandra Pawar

36 Years

Male

Nijampur

Tal Sukri Dist – Dhule

I was suffering with weight loss problem since 15 years. Even after taking balanced diet there was no increase in my weight.

Mr. K.V Jadhav from Dhule, suggested me to take Indian Noni. I have started taking Noni as per dosage recommended.

It is a great surprise that within the period of 15 days my appetite increased and my food intake also improved and after 2½ months my weight increased by 4.5 kg.

Thanks to Noni.
