

Psychosis

Pratiti Sen

7 Years

Female

P-41, L.I.C. Township
Madhyamgram-700129
West Bengal

My daughter Ms.Pratiti Sen used to clear bowel. twice a week, almost at three days interval.

It resulted in pain/bleeding and at the same time she developed fear-psychosis.

One day my elder brother Sri Tilak Dasgupta introduced Indian Noni for her.

She started consuming Indian Noni since 10.4.05.

Surprisingly within a very short period of 15 – 16 days she developed normal/daily smooth bowel movement.

Indian Noni is great.
